

The background of the entire page is a vibrant teal color. It features a complex, organic pattern that combines the texture of water ripples with the shapes of leaves. The water ripples are more prominent on the right side, while the leaves are more visible on the left. The overall effect is a sense of natural, fluid movement.

Convierte el exterior de tu casa en el corazón de tu hogar

Transform the outdoor of your house into the heart of your home

En DURSTONE queremos darte las facilidades necesarias para prolongar hacia el exterior la estética y confort que disfrutas en el interior de tu hogar. Las propiedades del gres porcelánico (resistente a la abrasión, al hielo, al fuego y a los productos químicos; nula absorción de agua, superficie inalterable y antideslizante) así como su variedad gráfica y estética le convierten en la opción perfecta para espacios exteriores. Tanto si tienes una pequeña e íntima terraza como si planeas construir una piscina, nuestras colecciones te garantizan los máximos niveles de calidad, seguridad y estética.

Prepárate para conocer una variedad de productos específicos concebidos para lograr ese espacio de descanso al aire libre con el que sueñas.

In DURSTONE we want to give you the necessary facilities to extend to the outside aesthetics and comfort that you enjoy inside your home. The properties of gres porcelanic (resistant to abrasion, ice, fire and chemicals; zero water absorption, unalterable and non-slip surface) as well as its graphic variety and aesthetics it makes the perfect choice for outdoor spaces. Whether you have a small and intimate terrace or swimming pool, our collections guarantee you the highest levels of quality, safety and aesthetics.

Get ready to meet a variety of specific products designed to achieve that outdoor comfortable outdoor space you dream of.

Clunia

Un sutil conglomerado de pequeñas piedras en tonos muy naturales es la clave de esta colección. Elegante y sobria se mimetiza perfectamente en entornos actuales.

A fine mixture of small stones in very natural tones is the key to this collection. Elegant and sober blends perfectly into today's environments.

Porcelánico Antislip - Antislip porcelain tiles

La opción antislip con una superficie Clase 3/R11 te permite prolongar el aspecto del suelo interior a espacios exteriores como porches, terrazas y alrededores de piscina. Perfecta para evitar resbalones.

The anti-slip option with a Class 3 / R11 surface allows to extend the appearance of the interior floor to exterior spaces such as porches, terraces and pool surroundings. Perfect to avoid slipping.

En fachada - Façades

Sus cualidades técnicas y estéticas convierten al porcelánico en una opción ideal para recubrimientos exteriores. Aplacado o con sistemas de fachada ventilada te permitirá dar un aspecto más homogéneo al conjunto de tu hogar. Its technical and esthetic features make porcelain tiles an ideal option for exterior coatings. Cladding or with ventilated façade systems will allow you to give a more homogeneous appearance to your home.

Frame

Su diseño actual y sobrio a la vez que polivalente convierte a esta serie en la opción perfecta para lograr espacios atemporales y de elevado valor estético.

Its current and sober design at the same time as versatile makes this series the perfect option to achieve timeless spaces with high aesthetic value.

Porcelánico espesorado x2 - Porcelain thickness x2

Las piezas con un espesor de 2 cm y superficie antideslizantes Clase3/R11 pueden colocarse directamente sobre gravilla, césped, hormigón, etc... Juega con ellas y crea senderos a tu gusto.

The pieces with a thickness of 2 cm and a Class3 / R11 non-slip surface can be placed directly on gravel, grass, concrete, etc. Play with them and create trails to your liking.

Frame

Gran variedad - Great variety

La posibilidad que da el porcelánico de elegir entre diferentes acabados, colores y formatos permite disponer de más opciones a la hora de personalizar cualquier proyecto.

Porcelain tiles give you the possibility to choose between different finishes, colors and sizes. All this allows you to have more options when it comes to customizing any project.

El entramado de líneas y vetas de su superficie, así como la riqueza de tonalidades propias de la piedra natural nos trasladan a lugares serenos y relajantes.

The network of lines and veins of its surface, as well as the richness of tonalities typical of natural stone take us to serene and relaxing places.

Resistencia - Endurance

Las piezas en espesor normal y las de espesor x2 permiten crear en cualquier zona de la terraza suelos antideslizantes, estables, resistentes y de bajo mantenimiento.

Both the pieces in normal thickness and those of x2 thickness allow to create non-slip, stable, resistant and low-maintenance floors in any area of the terrace.
